

Case study:

# Llanwern, Steel Works South Wales

Customer: St Modwen

Contract period: 2006-on-going

**MATERIAL HANDLING, SITE  
REGENERATION, EARTHWORKS**

## Description:

As specialists in site remediation Hawk were selected to carry out all remedial works on this 600 acre site.

As well as providing the best possible equipment, technology and personnel Hawk also utilised the Crushing side of the business to ensure that all material could be treated on site and recycled to save both time and money.
