

Dee Estuary- Burton Mere Wetlands, RSPB Neston, Cheshire

Hawk were commissioned to excavate pools for wild fowl and to create peaks and troughs for wading and non wading birds on the 12.5 acre RSPB site in Cheshire.

Client: RSPB

Value: £53,000
Duration: 2010

Hawk were main contractors for constructing 12.5 acres of wetland and bird sanctuary in Neston, Cheshire. With the ground having very high moisture content Hawk had to use low-ground pressure machinery c/w machine control to undertake the work.
